# Solesbee's

Dear Dealer/ Industry Leaders:

We welcome your association with Solesbee's.

As an informed leader in your industry, you know that there are numerous resources and products offered in today's marketplace. We are sure you could almost trip over the literature from companies who promise to cut costs and produce savings for your equipment. But when did you last discover quality resources that help create sustainable changes to the operational challenges you face on a daily basis?

At Solesbee's Equipment we are proud to offer you timesaving, practical and exclusive well-designed implements that can make a difference in your customers' daily projects. Solesbee's is totally committed to providing efficient, consistent quality, on-time availability, and solid performance with an honest guarantee. Our primary responsibility is not to sell you an attachment, but rather to help you realize a better return on your investment.

Solesbees will provide you with the best return per dollar of any equipment investment you will ever make.

Respectfully yours,

David Jenkins  
President

<b>SEG-4</b>	60,000 TO 79,000	48"	74"	105"	5/4"	4000
<b>SEG-5</b>	80,000 TO 110,000	55"	80"	112"	5/4"	5000
<b>SEG-6</b>	111,000 and up	<b>Please call for Info</b>				

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

## Excavator Demolition Grapples

- High strength and wear resistant for sorting and loading the toughest demolition debris.
- Mount as a pin-on or with a pin style quick coupler for speed and ease in changing from other attachments.
- Extra strong construction, designed for demolition work.
- Constructed of wear resistant steel.
- No extra valves or hoses required.
- Available for any size excavator.
- See video demo at [www.solesbees.com](http://www.solesbees.com)

Solesbee Model #	Machine Weight (lbs)	Width	Height	Opens To	Tines Top/Bottom	Weight (lbs.)
<b>SDG-1</b>	11,000 TO 18,000	25"	42"	58"	2/3	1600

# Skid Steer Attachments

# Skid Steer Attachments

## Skid Steer Grapple Rakes

- Load or pile logs, brush, rocks, demolition debris and many other materials.
- The Skid Steer Grapple Rake is also ideal for separating and sorting materials.
- Heavy duty industrial cylinders
- Tines 8 7/8" apart.
- 8 greasable fittings.
- Universal skid steer hook-up.
- Hose kit and Quick Connect fittings included.

Solesbee Model #	Width	Height	Depth	Opening	Teeth	Approximate Weight (lbs.)
<b>SSG-166</b>	66"	35"	32"	39"	8	800
<b>SSG-172</b>	72"	35"	32"	39"	9	850
<b>SSG-184</b>	84"	35"	32"	39"	10	900

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

## Skid Steer Rock Grapples

- The Skid Steer Rock Grapple is ideal for separating rocks from other materials.
- Load or pile logs, brush, demolition debris and many other materials.
- Tines are 4 7/8" apart.
- Replaceable bucket teeth.
- Cutting edge.
- Heavy duty industrial cylinders
- 8 greasable fittings and universal skid steer hook-up.
- Hose kit and Quick Connect fittings included.

Solesbee Model #	Width	Height	Depth	Opening	Teeth	Approximate Weight (lbs.)
<b>SERG-166</b>	66"	42"	32"	46"	7	800

<b>SERG-184</b>	84"	42"	32"	46"	9	900

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

## Skid Steer Grapple Buckets

- The Skid Steer Grapple Bucket is ideal for clearing, site prep and industrial applications.
- Load or pile logs, brush, demolition debris and many other materials.
- Heavy duty industrial cylinders
- 8 greasable fittings and universal skid steer hook-up.
- Hose kit and Quick Connect fittings included.

Solesbee Model #	Width	Height	Depth	Opening	Approximate Weight (lbs.)
<b>SBG-166</b>	66"	42"	36"	42"	850
<b>SBG-172</b>	72"	42"	36"	42"	900
<b>SBG-184</b>	84"	42"	36"	42"	950

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

## Skid Steer Pallet Forks with Frame

- No costly rental fees or forklift investment.
- Fully forged with a certified 3 to 1 strength factor.
- Our forks are 1 1/2" thick, 4" wide, 48" long, completely heat treated, and rated to carry 3,500 lbs.
- Includes carriage and set of forks.
- Universal skid steer hook-up.

Anyone that owns a skid steer should have a set of forks on hand. Forks are ideal for lifting pallets, loading lumber or just about anything else. We put a step on both sides of the frames so the operator can easily climb into the cab.

Solesbee Model #	Width	Height	Length	Approximate Weight (lbs.)
<b>SPF-48</b>	48"	40"	48"	444

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

# Farm Tractor Grapples

- Models in JD Green
- HOOK UPS for JD Farm Tractor Loaders 500 - 600 - 700 - and Global Euro
- Same features as our standard grapple rake.

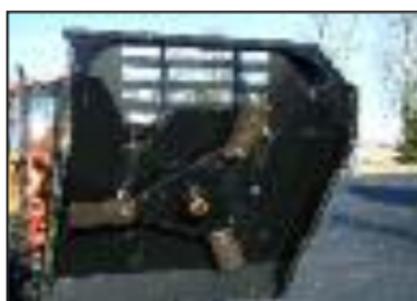

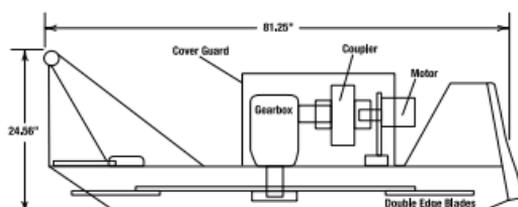

Solesbee Model #	Width	Height	Depth	Opening	Teeth	Approximate Weight (lbs.)
<b>SFG-166</b>	66"	35"	32"	39"	8	800
<b>SFG-172</b>	72"	35"	32"	39"	9	850
<b>SFG-184</b>	84"	35"	32"	39"	10	900

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

# Skid Steer Brush Cutters

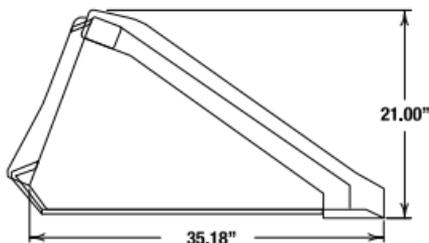

- 3 bi-directional blades on the 72" and 60" brush cutter.
- A 14-30 GPM is required on either unit, high flow units available.
- Smooth deck for easy cleaning.
- Direct drive Parker Motor with cushion valve for a smooth shutdown with Omni Gear box.
- One year warranty does not cover the blades or hoses.

## Skid Steer Long Bottom Buckets

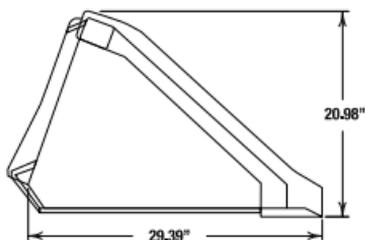

- Holds more material than the low profile bucket.
- Optional weld on teeth are available.
- Optional bolt on edge is available.
- Available sizes - 66" • 72 • 78" • 81" • 84.

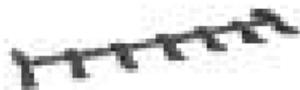

## Skid Steer Low Profile Buckets

- Optional weld on teeth are available.
- Optional bolt on edge is available.
- Available sizes - 66" • 72 • 78" • 81" • 84.

## Skid Steer Tooth Bars

- Simply drill a hole on each side of your bucket and bolt on the tooth bar.
- Shanks on the tooth bar hook onto your existing cutting edge, putting all the pressure on the cutting edge.
- Tooth bar teeth are all replaceable, so you don't have to worry about breaking one.
- Mounts are 3/8" thick.
- Available sizes.  
63" • 66" • 72" • 78" • 81".

## Skid Steer Rakes

- Load or pile logs, brush, rocks, demolition debris and many other materials.
- Ideal for land clearing, separating and sorting materials.
- Universal skid steer hook-up.

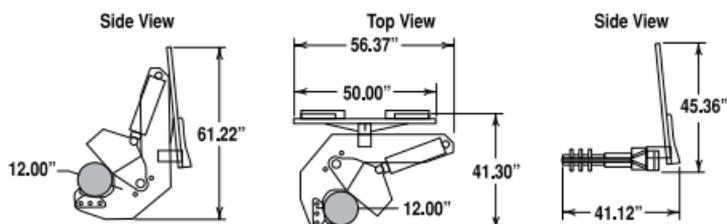

Solesbee Model #	Width	Height	Depth	Opening	Teeth	Approximate Weight (lbs.)
<b>SSR-166</b>	66"	43"	36"	42"	8	800
<b>SSR-172</b>	72"	43"	36"	42"	9	850
<b>SSR-184</b>	84"	43"	36"	42"	10	900

*Note:* Specifications, dimensions & weight are approximate and subject to change without notice.

## Skid Steer Tree Shears

- Quick attach coupler or pin on couplers for skid steers, tractors, telehandlers, backhoes and wheeled loaders.
- Single 1.25 blade eliminates complicated adjustments and sharpening and normally causes tree to fall to the left.
- Unique serrated tooth holds tree during cutting.
- Cut trees laying on the ground into firewood.
- Our Tree Shear is capable of cutting 12" trees.
- Powered by a 5" x 12" cylinder, rotates 90 degrees and has a 1" thick AR400 blade.

## Skid Steer Augers

- Auger consists of a motor and gearbox, no chains to break or come loose.
- Auger drive is complete with mounting plate, hoses and couplings.
- Output shaft is a 2 9/16" drive, powerful enough for the toughest jobs.
- In-line drive design - 2" Round, 2" Hex available.
- Available in many sizes for Mini Skid Steer Loaders, Digger Derricks, Mini Excavators, Loaders Mounts and everything in between.

## Skid Steer Trenchers

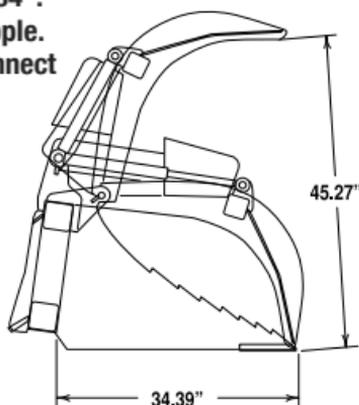

- Trencher has heavy duty planetary drive system which eliminates chain reduction.
- Replaceable spoil auger which mounds most spoil to one side of trench.
- Exceptional visibility and structural strength.
- Manual side-shift for trenching close to structures.
- Call for info and pricing.

## Stump Grapple Buckets

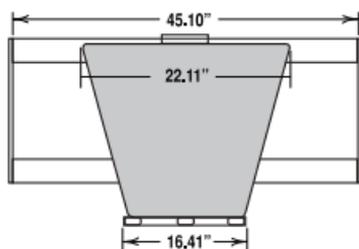

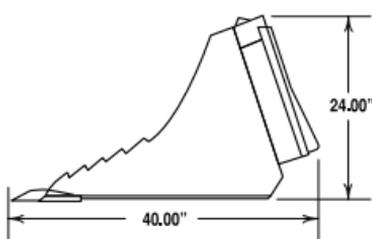

- No need to have another attachment for loading the stump into your dump truck, or moving the stump to a burn pile.
- Made from 1/2" top quality plate.
- 1" cutting edge.
- Replaceable teeth and 3/8" hose.
- Opens to 45" - length 34".
- Available without grapple.
- Hose kit and quick connect fittings included.

## Stump Buckets

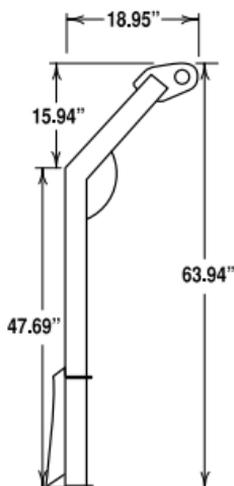

- Easily dig around the stump, then pop it out.
- Some contractors dig house footings with the stump bucket.
- These stump buckets will enable you to be more versatile in your contracting needs.
- Available with grapple.

## Tree Booms

- Easily pick up trees to be planted, transported or loaded.
- The boom is constructed from 3" x 3" tubing that is 1/4" thick.
- It is rated to carry 3,000 lbs.

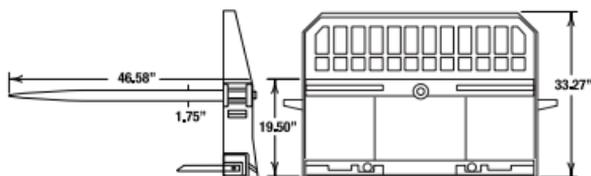

## High Back Hay Spears

- Easily move bales of hay with a quick hook up on your Skid Steer.
- With the option of our high-back, you increase your leverage and safety when rolling the bail back towards the cab.

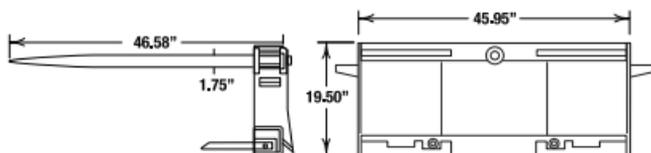

High Back Model

## Skid Steer Hay Spears

Standard Model

## Quick Attach Plates

- Easily convert your existing attachment to the universal skid steer hook up.
- Simply weld or bolt the quick attach plate to the implement you wish to convert.
- Standard quick attach plates are 1/4" thick and are solid across the back.
- Mounts are 3/8" thick.
- Plates can be made thicker or thinner for different applications.

## 3-Point Hitches

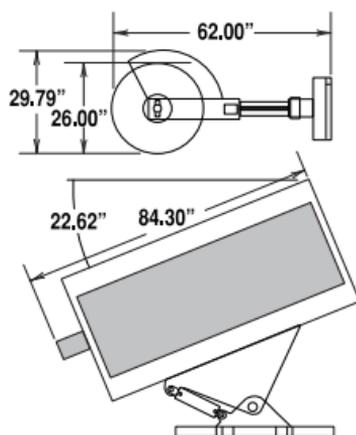

- Simply drive your skid steer up to the implement, hook it up and go.
- No need to get your tractor out, just to move some attachments around.

## Angle Brooms

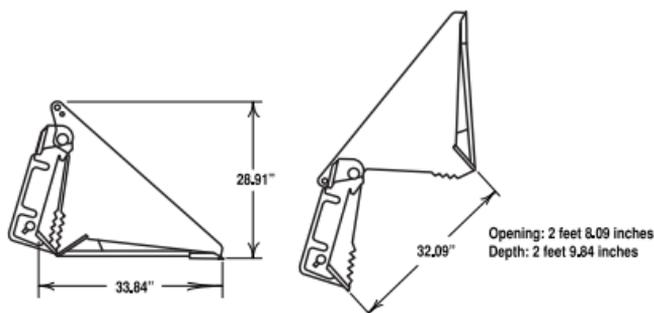

- Choice of either a hydraulic or manual angle.
- Powered by a reversible Parker motor.
- Available sizes - 72" • 84"

## 4-N-1 Buckets

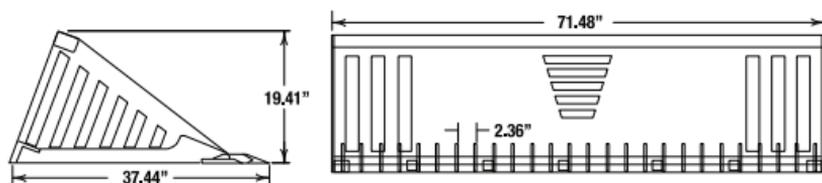

- Ideal for grappling, dozing, back filling, loading, digging and fine grading.
- Bucket cylinders have a 2.5" bore and an 8" stroke.
- Equipped WITH 3/4" x 6" cutting edge on the digging edge and 1/2" x 4" at all other ground engaging points.
- Over sized points and bushings.
- Every pivot point has grease fittings.
- Every unit exceeds the lifting capacity of the skid steer machine it is used on.
- Optional weld on teeth are available.
- Optional bolt on edge is available.
- Hose kit and Quick Connect fittings included.
- Available sizes - 60" • 66" • 72" • 78 • 81" • 84".

## Rock Buckets

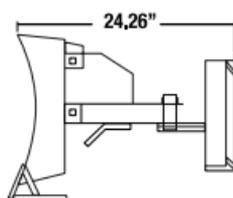

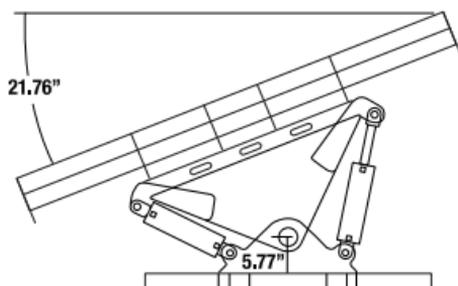

- It will catch any rock or piece of debris that is larger than 2 3/8"
- Optional weld on teeth are available.
- Optional bolt on edge is available.
- Available sizes - 63" • 72" • 81".

## Snow Plows

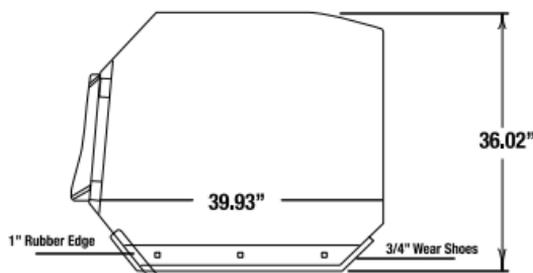

- Designed to become an Angle Blade (Dozer Blade) with ease.
- Plow has 1/2" thick 6" wide replaceable bolt on cutting edges.
- Comes with two 3" bore 6" stroke cylinders, couplings, hoses.
- Blade trips when hitting something, powerful springs retract the blade into position as soon as the object is cleared.
- Plow is ready to use when received.
- Available sizes 72" • 84" • 96".
- Mullboard height 32".

## Snow Pushers

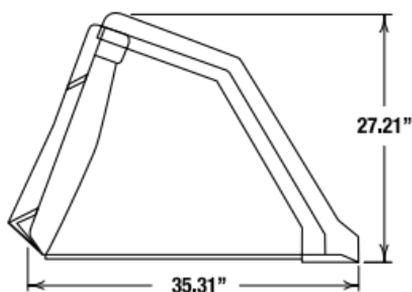

- Ideal pushing large volumes of snow and clearing parking lots quicker than a snow plow.
- Edge is 1" thick adjustable, reversible and replaceable rubber so you don't tear up the pavement.
- Mold board is 1/4" and the sides are 5/16" thick for extra support.
- Available sizes - 72" • 84" • 96"

## Snow & Litter Buckets

- Ideal for lifting large volumes of mulch, manure, sawdust, shavings, snow and any other type of loose or light debris.
- Optional weld on teeth or bolt on edge are available.
- Available sizes - 66" • 72" • 78" • 81" • 84".

# Warranty

## Limited Warranty

Solesbee's Equipment & Attachments LLC products are warranted to be free from defects in workmanship or materials for a period of (12) months.

## Non-Covered Items

- This warranty does not cover normal wear items, including but not limited to, bearings, ground engaging parts such as, teeth, blades, cutting edges, pilot bits, auger teeth and broom bristles.
- This warranty does not cover maintenance, service or adjustments.
- This warranty does not cover damage due to misuse, negligence, accidents, or improper maintenance.
- This warranty does not cover damage due to improper application, installation, adjustment or setup.
- This warranty does not cover improper modification of product.
- This warranty does not cover disassembly of components, i.e. pumps, gear boxes, motors.
- This warranty does not cover replacement parts not supplied by Solesbee's Equipment & Attachments LLC.

## Warranty Statement

Our obligation under this Limited Warranty shall be solely limited to repairing or replacing any part (see non-covered items) free of charge that, according to our judgment, shows evidence of a defect in quality of workmanship or materials for the stated (12) month warranty period. This Limited Warranty shall not be interpreted to render Solesbee's Equipment & Attachments LLC liable for any injury or damage to persons, business or property of any kind nor expenses or losses incurred for labor, supplies, substitute machinery rental, or for any other reason. Repair or replacement parts are subject to supply conditions at the time of repair or replacement, which may directly affect our ability to obtain material and/or replacement parts. Solesbee's Equipment & Attachments LLC reserves the right to make improvements in design or changes in specifications at any time without incurring any obligations to owners of previously purchased units. No one but Solesbee's Equipment & Attachments LLC is allowed to alter, modify or enlarge this warranty nor the exclusions, limitation and reservation at any time.
